Optivor Listed as 35th Largest Privately Held Firm in Baltimore Area

Annapolis Junction, MD – Optivor Technologies, LLC was recently listed 35th on the Baltimore Business Journal’s annual list of *Largest Private Companies in The Baltimore Area*.

Stuart Chandler, Optivor founder stated, “Optivor works hard to grow our business, focusing on two key elements; competency and responsiveness. Our commitment to our clients has resulted in exceptional customer loyalty over the past few years. We are proud to make the BBJ list, and we are excited about our future.”

Optivor’s growth has defied the national and local economies. While most firms have fought hard to maintain revenue levels over the past year, Optivor’s revenues have more than doubled.

The outlook for Optivor remains very positive. Optivor maintains an impressive list of global clientele that rely on Optivor’s subject-matter expertise for telecommunications and IT.

About Optivor:
